## Call for Papers

The 5th International Conference on Applied Econometrics (ICAE-V) will be held during July 22-23, 2016 at IBS Hyderabad. The theme of the conference is recent developments in theoretical and empirical analysis of applied econometrics. Theoretical analyses supported by data and applied contributions are invited.

### Objective

The main goal of the IC AE-V, 2016 is to provide an opportunity for academicians and professionals from a variety of fields to meet and exchange ideas and expertise. It is a platform to provide a place for academicians and professionals with interdisciplinary interests related to diversified fields of applied econometrics to interact with members within and outside their own particular disciplines. The selected papers will be published in the IUP Journal of Applied Economics, IUP Journal of Banking Management, IUP Journal of Behavioral Finance, IUP Journal of Managerial Economics, IUP Journal of Financial Risk Management, IUP Journal of Agriculture Economics and IUP Journal of Industrial Economics or Edited books.

### Focus Areas of the Conference

- Business Economics
- Agricultural Economics
- Development Economics
- Environmental Economics
- Health Economics
- International Economics
- Industrial Economics
- Actuarial Economics
- Behavioral Economics
- Financial Economics
- Monetary Economics
- Time Series Econometrics
- Quantitative Finance

Prominent professors in the respective fields will review all the submissions and comment on the content of the research paper as well as on the presentation. Paper presenters will have 20 minutes to present their research work.

## About IBS, Hyderabad

IBS Hyderabad, a constituent of the ICAFI Foundation for Higher Education, a deemed to be University, offers high quality programs in different areas of management to a wide cross-section of students, executives, and professionals across India. IBS has built up a reputation for its innovative program design and delivery, quality courseware, personalized instruction, strong industry interface, research, consultancy and publications. Within a short span of time since it was established in 1995, IBS has grown impressively and achieved widespread recognition from industry, academic circles, and professional bodies. IBS has also been consistently ranked among the top B-Schools in the country in the annual B-School surveys conducted by independent research agencies. For more information, please visit [www.ibshyderabad.org](http://www.ibshyderabad.org).

We have been organizing a series of International conferences in the areas of Applied Economics, Time Series Econometrics, Business and Finance, Quantitative Methods, Money, Banking and Insurance, marketing strategy, and environment over the years. These conferences have been organized in collaboration with reputed institutions namely a few Reserve Bank of India, Indian Institute of Capital Markets, NABARD, Agriculture Insurance Corporation Ltd, Indian Econometric Society, IGIDR Mumbai, and many others. These conferences have attracted paper contributors from reputed Indian and foreign universities. Mention may be made of a few of such universities — Harvard University, Boston University, University of Leeds, Brunel University, University of Zurich, Monash University, National University of Singapore, Hong Kong University, Nagoya University, and University of New England.

## About The Indian Econometric Society (TIES)

The Indian Econometric Society (TIES), New Delhi is a registered society under Public Societies Registration Act, formed in 1960. It is one of the oldest and largest body of professional econometrician and quantitative economists with more than 2000 members from all over India and abroad. TIES organizes annual conference where experts from all over India and abroad participate and deliberate on various issues. TIES also publish half-yearly "Journal of Quantitative Economics" released in the month of January and July. The objective of the TIES is to organize conference on the issues of econometrics in order to provide a forum for economists, mathematicians and statisticians of India and abroad; to promote development of econometric methodology and techniques in general and with special reference to India conditions and problems in particular; to undertake and organize training and research and to publish the results of econometric studies from time to time, through its own journal or other media; and to undertake any other activity, which in the opinion of the general Body of the Council, advance the aims and objects of the society.
